“RADIO AMATEURS OF CANADA - REGULATORY CHANGES”

Wednesday 25 September 2002

Ragchew and Fleamarket: 19:30

Club meeting: 20:00

Layton Hall at the Montreal Association for the Blind

7010 Sherbrooke St. W., Montreal (bus routes 105 or 162)

The scheduled speaker(s) will be from Radio Amateurs of Canada and they will be giving us an update on recent band threats and also what our national organization does on our behalf. Please make an effort to attend and show your support for RAC and Amateur Radio in Canada. This should prove to be a very informative meeting.

A WORD FROM THE PRESIDENT

Hello,

September is here and once again the club is gearing up for another season. Once again the club has been invited to participate in the Family Day at CN's Taschereau yard. This is on September 22 and all MARC members and their families are invited to participate. Unfortunately this year's walk-a-thon for the Canadian Guide Dog School for the Blind has been cancelled as was the carriage driving event scheduled for later this month.

Late in August we were advised by St.

Thomas Church that the hall would not be available this year. This is the reason that we are meeting in Layton Hall at the MAB (7010 Sherbrooke St. W.) this month. The MAB does not want outside groups on a regular basis so we are still searching for a new meeting location for the remainder of the year. We hope to find a place in the same general area we have been meeting. Should you have any suggestions please let us know.

This month's meeting should be extremely interesting as representatives from Radio Amateurs of Canada will be speaking about various possible

Membership Renewal Reminder - Your membership renewal form is enclosed with this month's Marcogram. Now is the time to return your form and dues to show your support for M.A.R.C. and amateur radio. Thank-you.

The MarcOgram is published nine times per year on the second to last Wednesday of September through June, excepting December by the Montreal Amateur Radio Club. Advertising and copy deadline is one week prior to publication.

Editor:
 Craig Brander, VE2YGK craigyul@total.net 514-488-5109

Annual fees are:
 General Members \$23.00
 Associate Members \$23.00
 White Cane Members... .. \$10.00
 Family Members (per family) \$30.00

The membership year runs from September 1 to August 31. Memberships received on or after June 1 commence immediately and extend through the subsequent membership year - covering a period of up to fifteen months.

Articles published in the MarcOgram may be reproduced providing credit is given to the original author and the Montreal Amateur Radio Club as the source.

The opinions expressed herein are, unless otherwise stated, solely those of the authors concerned, and not those of the Club, the Directors or members and do not represent the policy of the Club.

FROM THE EDITOR'S DESK

Welcome back to another season of club meetings and activities. I hope you have all had a pleasant and enjoyable summer. While the weather is still good I hope you will be able to get your station tuned up before the winter comes and of course enjoy the last few hamfests of the season. This month's meeting looks to be most interesting meeting so make an effort to get out and attend the meeting.

Keep in mind that that we need to continue to promote our hobby, and so when the opportunity arises please remember to help spread the word. Perhaps you have a topic you could present to a club meeting, contribute an article to the Marcogram, or perhaps recruit a potential candidate to take a radio course. Perhaps you can contribute some time to some of the clubs activities, hamfest, or other communication events. Every contribution helps.

73 de Craig, VE2Y GK

MARC 70TH ANNIVERSARY DINNER

The Montreal Amateur Radio Club is proud to
announce that the speaker for the 70th Anniversary Dinner
is Dr. John Belrose, VE2CV. Dr. Belrose will be giving
an interesting technical talk on the first Trans-Atlantic
Radio transmission by Guglielmo Marconi after the
Dinner.

The 70th Anniversary will be held at Antico Martini
which is located at 6450 Somerled in the Notre Dame de
Grace district of Montreal. Tickets are \$35.00 and will be
available starting at the MARC meeting on September 25,
2002. The Antico Martini restaurant is located just east of
Cavendish and is accessible from STM bus routes 102 and
104 which both have stops at Cavendish and Somerled.

For more information or to reserve, you may contact
James R. Hay at 514-697-7205 or via e-mail at
ve2arc@rac.ca. Please note the deadline for purchase of
tickets is October 12th, 2002. Arrangements for pickup of
tickets may be made via the route above.

The menu and other information may be found at:

Authority has been granted by Industry Canada to use National Special Event Call Signs for the celebration of the of the 125th Anniversary of Japanese immigration to Canada.

Special Event Prefixes will be:

CK1 for VE1's, CJ1 for VA1's,
CK2 for VE2's, CJ2 for VA2's,

RAC NEWS BULLETIN 02-062E
LAST CALL FOR NOMINATIONS

Canadian radio amateurs are reminded that nominations for the two Radio Amateurs of Canada awards "Member of the Canadian Amateur Radio Hall of Fame" and "RAC Amateur of the Year Award" must be received at RAC Headquarters by September 30, 2002.

The details and rules for nomination for both awards

are shown in the July/August issue of The Canadian Amateur and on the RAC web site. Neither the nominees nor nominators need be members of RAC, though these awards are two major examples of the benefits of RAC membership.

SCANNERS HEAR IT FIRST
BY FREDERICK HART, VE2LSQ

So I'll see you in September... So says the song lyrics, gee there you are, and here I am and its September so the song must be right. Hope you had a safe and earfullish summer. Not a lot of changes in the metro area for radio. Montreal Fire Department is progressively getting worse.

One good frequency that works in that system is 867.5125 MHz, fireground simplex, which carries for about a kilometre but if you're close enough to be there you won't have to worry about trunking systems walking over regular UHF systems.

At the moment east meets west 800 MHz trunking vs. UHF non-trunked. Together they create the entire island wide radio system. If the captain in 255 is giving a size-up in Pointe Claire and a lieutenant in the east end on the 800 MHz system decides he needs an inspector they both cancel each other out.

The most commonly used code on the system at the moment is "10-2 reception zero sur cinq". When they finally figure out what system is going to take over the entire island we should have a very good radio system. My hat's off to them for the moment at how they have this system held together with ribbon, bailing wire and bubblegum. (If it ain't fixed don't break it). As for the new trunk tracker scanner the BC-250XLT - sometime late fall still. The BC-245XLT will do you fine. I still have hopes

that EDACS will rule the world on this island.

Upper Richelieu Valley have been active this summer on 412.8125 MHz. The Centrale de Bromont has been kept busy. Several earfuls this summer that even mixed and matched mutual aid systems. 154.160, the South West Fire Mutual Aid Association, were also busy. I think somebody should get Gordie Furey, VE2FGL, some remote control planes. He seems to like to play with water bombers, having them in his territory recently again. Valleyfield had a party for many but couldn't hold a church service inside the church. Chateauguay all the way to Rigaud and everything in between as the alterboys apparently tried to light candles with a welder's torch. Whoever said lightning never strikes twice? This church burned down in 1933.

A tender was seen in the Gazette this summer for the City of Montreal - \$6.5 Million for radio communications - but for who? For the sewer rats, the fire hats, or the keystone cops? Don't know who its for but I guess we'll find out when we listen to it in the future. Oh Lord! Just what we need another Bell Mobility/Ericsson versus Motorola in the centre ring. Who said our hobby was boring?

Not much else to bring you. Hope to have more for you next month.

73 Fred and the cats.
